

PPMEC COLLEGIATE RESOLUTION 05/2014

Establishes criteria for the admissibility of the request of defense board composition for Master's and Doctorate courses.

According to its 1st Regular Meeting of February 28, 2014 and the procedural attributions delegated by the Graduate Program of the University of Brasília (Resolution CEPE 91/2004), the Collegiate of the Graduate Program in Mechatronic Systems of the UnB – PPMEC

DETERMINES

Art. 1 The constitution of the master's degree defense board relies on the proof of publication or publication acceptance in technical and scientific events of at least 1 (one) full paper related to the thesis in question.

Art. 2 The constitution of the doctoral defense board relies on the proof of publication or publication acceptance in technical and scientific events of at least 2 (two) full papers and at least 1 (one) full paper on indexed journal related to the thesis in question.

Art. 3 In case of impossibility to meet these preconditions, without compromising the regular period of 24 (twenty-four) months for the completion of the Master's course and 48 (forty-eight) months for the completion of the doctorate, the PPMEC Commission, according to justification formalized by the supervisor, will be responsible for evaluating its pertinence and authorizing the defense.

Brasília, May 23, 2014.

Edson Paulo da Silva
Coordinator of the Graduate Program in Mechatronic Systems – PPMEC
